Article 27(4) of Council Regulation (EC) No 834/2007 of 28 June 2007 on organic production and labelling of organic products and repealing Regulation (EEC) No 2091/92, provides that the competent authority may confer its control competences to one or more control authorities and/or delegate control tasks to one or more control bodies.

According to the provision of Article 35(b) of the Regulation, the current communication lists, on the basis of the information from the Member States updated in 2010, the system made operational in each Member State and the bodies and/or authorities approved for control, including the code numbers which have been attributed to them by the Member States.

Under the column "comments" the systems made operational in each of the Member States are indicated as follows:
